Lake George Central School District – Who To Contact

LGCSD prides itself on effective communication. We have created this communication tool to help faculty, staff, students, families, and community members address questions and concerns in an efficient and effective manner. In order to support the district mission, vision, values, and goals, please contact the staff member directly involved as a first step (as seen in line 1). If the question or concern remains unresolved, please proceed to the next level.
